Chez Gandelin, la lumière renaît entre les mains de nos artisans. Chaque pièce raconte une histoire faite de gestes précis, de matières nobles et d'un savoir-faire transmis avec passion.

Redécouvrez l'éclat d'une lumière façonnée à la main, pensée pour sublimer vos intérieurs avec élégance et authenticité.

At Gandelin, light reborn in the hands of our artisans. Each piece tells a story craft from precise movements, noble materials and know how passed down with passion.

Rediscover the brilliance of handcrafted light, designed to enhance your interiors with elegance and authenticity.

Nous avons illuminés les plus grands événements...

Restaurant Paul BOCUSE

...Et les plus belles adresses

Après des années de silence, notre maison rallume sa flamme.

Fidèles à notre héritage, nous perpétons l'art du luminaire français, un art où la finesse du détail, la pureté des formes et la noblesse des matériaux s'unissent pour créer la lumière juste.

Notre renaissance est un hommage à la beauté du fait main et à l'élégance intemporelle.

After years of silence, our company is reigniting its flame.

True to our heritage, we are perpetuate the art of French lighting design, an art in which fine detail, pure forms and noble materials come together to create just the right light.

Our rebirth is a tribute to the beauty of handcrafted items and timeless elegance.

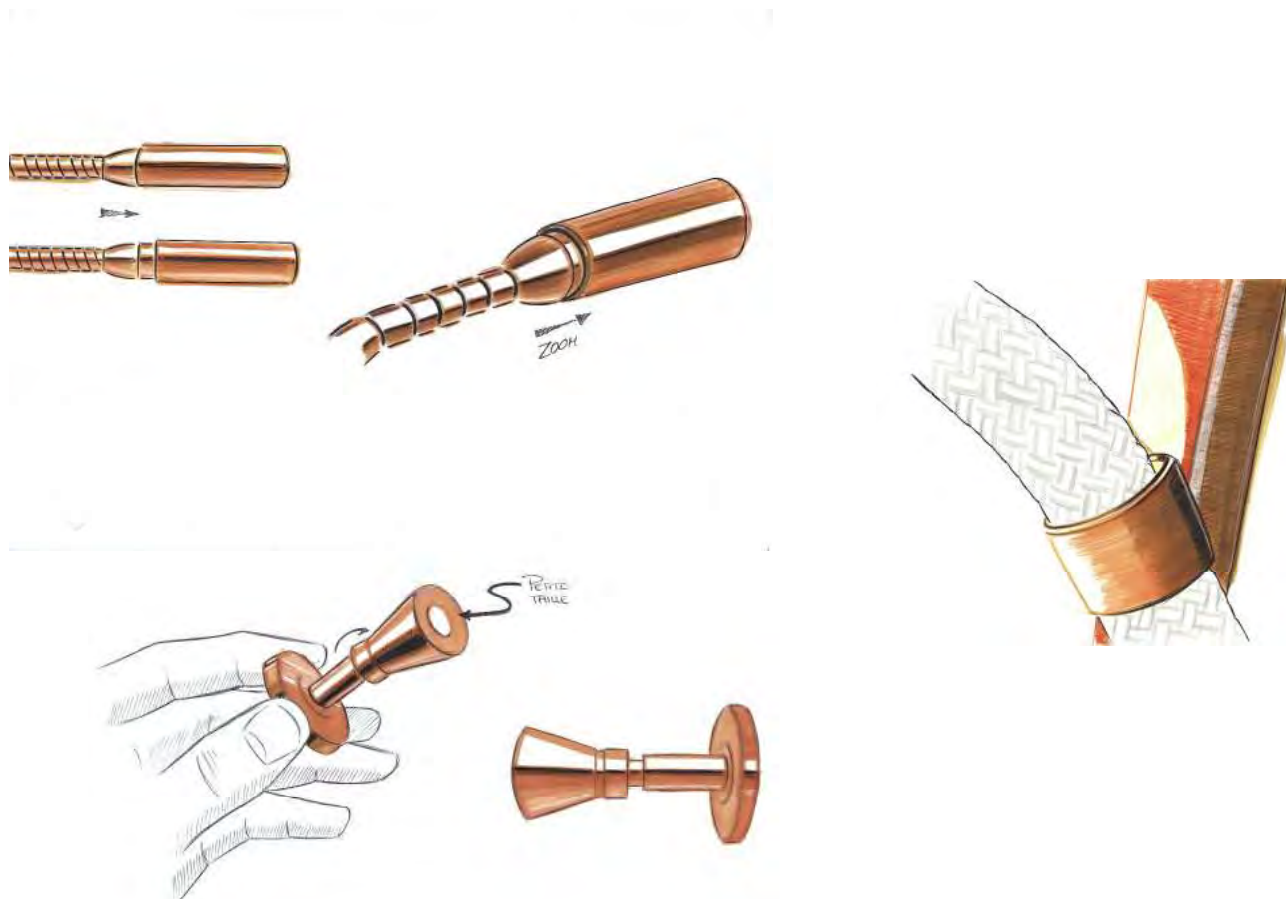

Une Maîtrise Totale de la Chaîne de Production

Au coeur de nos ateliers, la passion et l'exigence guident chaque geste. Nous avons fait le choix stratégique de conserver l'intégralité de notre fabrication en interne. De la sélection rigoureuse des matériaux jusqu'aux finitions les plus soignées, nous contrôlons chaque étape sans intermédiaire. Ce savoir-faire artisanal, nourri de la technicité moderne, est pour vous le gage d'une qualité irréprochable et d'une durabilité éprouvée.

La Liberté du Sur-Mesure

Notre autonomie industrielle nous offre une liberté précieuse : celle de ne jamais figer notre offre. Parce que nous concevons ce que nous fabriquons, nous avons la capacité d'adapter nos créations ou de développer du surmesure pour répondre à vos besoins spécifiques. Quelle que soit l'envergure de votre projet, nous apportons une réponse juste et personnalisée.

Total Mastery of the Production Line

At the heart of our workshops, passion and high standards guide every step of the process. We have made the strategic choice to keep all of our manufacturing in-house. From the rigorous selection of materials to the most meticulous finishes, we control every step without intermediaries. This artisanal expertise, enhanced by modern technology, guarantees you impeccable quality and certified durability.

The Freedom of Bespoke

Our industrial autonomy gives us valuable freedom: the freedom to never let our offering become static. Because we design what we manufacture, we have the ability to adapt our creations or develop bespoke solutions to meet your specific needs. Whatever the scale of your project, we provide the right, personalised solution.
